

## Two offshore containers - EMAS

### Characteristic

Strength calculation	3D simulated
HVAC	capacity calculation
HVAC	selection equipment
Sound insulation	ventilation openings
Sound insulation	internal measures
installation	delivered components
sling set	certified
sling set	max. 25T

### Definition

Metagro successfully delivered two offshore containers to EMAS AMC. EMAS AMC is a specialised offshore support, installation and marine services company, delivering integrated solutions to the oil and gas industry.

EMAS AMC is a part of EMAS, the operating brand for Ezra Holdings Limited, a leading global offshore contractor providing construction, marine, production and well intervention services. It is headquartered in Singapore, and operates globally with offices in 16 locations across five continents spanning Africa, the Americas, the Asia Pacific and Europe.

The two containers (an electrical room and a hydraulic unit) are designed for use with an 150mT Vertical Lay System (VLS) and especially suited for an offshore environment.
